

The Network Works

www.ewli.org

Our mission is to identify, support, mentor and promote women's leadership in the business community of Florida and worldwide.

President's Message

I had the fortune of being with friends this 4th of July watching the launch of our latest space shuttle. What a thrill! Now, I want to share with you another exciting launch — EWLI's new website! During the past several months, we worked on a website that reflects who we are and responds to the needs and interests of our membership. We had a lot of input; we had a lot of editing. Now, we are **Ready! Set! Go!** To launch www.ewli.org, the newest and brightest addition to the EWLI family of products and services.

Included in our virtual EWLI Center is information about our programs, speakers, special events, membership directory, and newsy notes that will keep you updated on "what's happening now." We want to hear back from you once you visit us and let us know your reaction to our website. If you have suggestions, let us know. One thing to remember, we will continue to send out monthly e-mail updates regarding members' special events when we receive that information from you before the first of each month.

We are working hard to make The Enterprising Women's Leadership Institute a special organization that caters to your needs and interests. Speaking of that, please read about our upcoming Women's World at World Golf Village, Wednesday, October 18th. We have Early Bird registration this year, and it's a bargain! You cannot miss out on this extraordinary opportunity to connect with other enterprising women in Northeast Florida.

Marilyn
